ORDER CORRECTING CLERICAL ERRORS

Under the authority of Resolution A-4661, I have directed that clerical errors in Decision (D.) 03-04-030 be corrected. These errors arise from typographical errors in Ordering Paragraph 5 of D.03-04-030 in which dates are inconsistent with dates in the text of the decision. The text, contained on page 56 in Section V.B.5 of the printed decision, states that “grandfathered” departing load “that becomes operational on or before January 1, 2003, or that submitted its CEQA application on or before August 29, 2001 and becomes operational on or before January 1, 2004” should receive an exception from DWR ongoing power charges. The dates referenced in this text are correct; thus Ordering Paragraph 5 of D.03-04-030 is incorrect. To correct these clerical errors:

IT IS ORDERED that:

1. Ordering Paragraph 5 should be corrected to read:

“5. Customer generation, not otherwise included in Ordering Paragraph 4, that commenced commercial operation on or before January 1, 2003, or for which (a) an application for authority to construct was submitted to the lead agency under CEQA, not later than August 29, 2001, and (b) commercial

operation commences not later than January 1, 2004 are not required to pay DWR ongoing power charges.”

This order is effective today.

Dated April 15, 2003, at San Francisco, California.
